# SAHARA MOTORS GROUP

The 2025 Toyota Land Cruiser 76 Hardtop 40th Anniversary LX-Z is engineered for those who demand power, reliability, and prestige. From its aggressive stance to its purposeful accessories, this vehicle commands attention and delivers true off-road capability. The snorkel and roof rack mark it as ready for serious exploration, while the electric winch, LED headlamps, and front + rear fog lamps provide practical safety and utility in all environments. Stylish touches like the chrome-plated mirrors, painted bumper mouldings, and roof spoiler combine ruggedness with elegance. Built on a solid ladder-frame chassis with part-time 4WD, front and rear diff locks, and 265/70R16C tires, it is made to handle the toughest terrains with ease. The 40th Anniversary badging and stripe add heritage and exclusivity to this iconic silhouette, reinforcing its status as a true collector's edition for adventurers and enthusiasts alike.

Inside the Toyota LC76 LX-Z, rugged meets refined. The synthetic leather seats, woodgrain panelling, and wood + leather steering wheel set a luxurious tone, while the 40th Anniversary interior badge and premium touches—like the leather shift knobs and black AC registers—elevate the cabin's uniqueness. Designed for both practicality and comfort, this 5-seater features rear headrests, a cool glove box, and a refrigerator to keep your essentials chilled on the go. A 9-inch touchscreen stereo with AM/FM, AUX, USB, Bluetooth, Android Auto, and Apple CarPlay ensures you are always connected. Add in USB fast charging, cruise control, and power everything (windows, locks, mirrors), and you have a cabin that is built for long journeys and harsh climates alike. Functional amenities like the rear console box, digital clock, and meter illumination control ensure that every detail enhances the driving experience, making every trip feel premium.

The Land Cruiser 76 LX-Z is not just tough, it is smart. Equipped with Toyota's TSS+2 safety suite, it includes Pre-Collision System (PCS), Lane Departure Alert (LDA), and Auto High Beam, adding modern driver-assist tech to its rugged DNA. Standard driver and passenger airbags, ABS, VSC, BA, EBD, HAC, DAC, and ATRC ensure comprehensive protection and control in all driving conditions. The tire pressure monitoring system, rear camera, and electric winch offer confidence both on the road and off the beaten path. Convenience is further enhanced with keyless entry, power tilt/telescopic steering, and a part-time 4WD system that adapts on demand. A wire harness for trailers and free wheel hub extends its utility for towing and overland setups. This is not just a capable machine, it's a dependable partner ready to face everything from daily commutes to cross-continental expeditions, with comfort and confidence built into every mile.
