SAHARA MOTORS GROUP

The Toyota Tundra 2025 is a powerful and versatile full-size truck, engineered to deliver exceptional performance on and off the road. At the heart of the Tundra is a 3.4L Twin Turbo i-Force V6 engine, producing an impressive 389 horsepower (290 kW), paired with a 10-speed automatic transmission for smooth and responsive shifting. Whether towing heavy loads or navigating rugged terrain, the Tundra's full-boxed ladder frame with a full resin bed and multilink suspension provides unmatched durability and strength. With a towing capacity of 5,060 kg (11,155 lbs.), it is designed for serious hauling needs, making it an excellent choice for work or adventure. The Drive Mode Select feature allows drivers to switch between Sport, Eco, and Normal modes, adapting the truck's performance to various driving conditions. Additionally, the Downhill Assist Control (DAC) and Trailer Brake Controller enhance safety and control when tackling steep descents or hauling trailers.

Inside, the Tundra offers a premium and high-tech cabin designed for comfort and convenience. The 8-inch Toyota Multimedia system ensures seamless connectivity with Wireless Apple CarPlay® and Android Auto™ compatibility, keeping drivers and passengers entertained and informed. Dual-zone automatic climate control provides personalized comfort, while heated front seats and an 8-way power-adjustable driver and passenger seat with lumbar support ensure optimal positioning for long drives. The interior is further refined with a TRD heated steering wheel, leather-wrapped shift knob, and front windshield acoustic glass, reducing road noise for a quieter ride. Safety is a priority, with Toyota Safety Sense 2.5, Blind Spot Monitoring with Rear Cross-Traffic Alert (RCTA), and Intuitive Parking Assist with Auto Braking, ensuring confidence in every journey.

On the exterior, the Tundra boasts a bold and rugged look, featuring a TRD front grille and active grille shutters that optimize aerodynamics. Off-road enthusiasts will appreciate the TRD Off-Road Shock Absorbers, 18-inch off-road alloy wheels wrapped in 265/70R18 tires, and a locking rear differential for superior traction on challenging terrain. The LED fog lamps enhance visibility in low-light conditions, while the Multi-Terrain Select system allows drivers to customize their off-road experience. With a fuel capacity of 122 liters (32 gallons) and an efficient consumption rate of 13.5/10.6/12.2 L/100KM (City/Highway/Combined), the Tundra strikes a balance between power and efficiency. Whether conquering tough trails or cruising on highways, the Toyota Tundra is a capable and reliable companion, built to handle any challenge with confidence and style.

The image shows the interior of a vehicle, likely a truck or SUV, with a focus on the front seats and dashboard. The seats are upholstered in a dark, textured material. The dashboard and center console are visible, featuring a steering wheel and various controls. The background shows a desert landscape with mountains under a clear sky. Red lines connect text boxes to specific features in the interior.
