SAHARA MOTORS GROUP

The 2025 Toyota Crown Signia Limited Hybrid sets a new standard in luxury crossover performance and efficiency. With a 2.5L Dynamic Force 4-cylinder engine combined with Toyota's renowned Hybrid System and electronic on-demand AWD, this model delivers a powerful 240 HP while maintaining an impressive 6.2L/100km combined fuel efficiency. The hybrid system is supported by a sealed nickel-metal hydride battery and EV mode for added versatility. Whether navigating city streets or open highways, the Crown Signia's adaptive drive modes—Eco, Normal, and Sport—ensure you enjoy a smooth, responsive, and efficient driving experience every time.

Designed with elegance and purpose, the Crown Signia boasts a bold presence, riding on sleek 21" alloy wheels with a muscular stance supported by 235/45R21 tires. LED front headlamps with auto-levelling, rear LED lamps, headlamp washers, and side mirror turn signals enhance both visibility and style. The panoramic fixed-glass roof with a power sunshade offers an open-air feel, while rain-sensing wipers, windshield de-icer, and retractable power-folding mirrors add year-round practicality. Details like puddle lamps and a power back door with kick sensor reflect Toyota's commitment to combining aesthetics with smart functionality.

Step inside and be welcomed by a cabin designed for modern luxury. The leather-appointed seats offer heating and ventilation in the front, heating in the rear, and 8-way power adjustments for both driver and passenger. A 12.3" digital gauge cluster and Toyota's 12.3" multimedia system, paired with an 11-speaker JBL Clari-Fi audio system, provide a cutting-edge tech experience. Features like a wireless charger, 5 USB ports, digital rearview mirror, and memory settings add personalized convenience. With dual-zone climate control and thoughtful amenities like rear seat reminders and foldable rear seating, the Crown Signia is built to impress.

Equipped with Toyota's most advanced safety suite, the Crown Signia leaves no detail overlooked. From 8 airbags to a digital rearview monitor, the car includes Lane Tracing Assist, Lane Departure Alert, Blind Spot Monitor with Safe Exit Alert, and Pre-Collision System for ultimate peace of mind. The Limited trim's Advanced Technology Package adds cutting-edge features like Driver Monitor Camera, Front Cross Traffic Alert, and Intuitive Parking Assist with Auto Braking. With the Star Safety System and new features like Proactive Driving Assist and Traffic Jam Assist, every drive is protected from start to finish.
