# SAHARA MOTORS GROUP

The 2025 Toyota Hilux Double Cab SR5 2.7L Petrol 4WD stands as a symbol of rugged reliability and everyday practicality, perfectly suited for both business and leisure. Powered by a 2.7-liter 4-cylinder VVT-i petrol engine producing 164 horsepower and 24.9 kgm of torque, this tough pickup is engineered to handle demanding roads and challenging terrains with ease. Paired with a smooth 6-speed automatic transmission and selectable Power and Eco drive modes, the Hilux ensures a responsive yet fuel-efficient driving experience. Its 80-liter fuel tank offers extended travel range, ideal for long-distance trips and worksites alike. As a full 4x4 with front independent suspension and rear rigid leaf suspension, it delivers excellent off-road capability and confident handling on uneven ground. Designed for those who demand performance, utility, and comfort in one dependable package, the Hilux SR5 is ready to work hard and play even harder, without compromising reliability or style.

With its bold, muscular design and practical styling, the Hilux SR5 makes a strong statement on any road or job site. Its exterior is fitted with 17-inch black alloy wheels, LED headlamps, and chrome-finished accents on the grille, door handles, and powered side mirrors. Side stripes, side steps, a steel front bumper, and a chrome step rear bumper enhance both its rugged look and utility. Inside, the cabin balances durability with everyday comfort. Fabric seats offer support for five occupants, while automatic air conditioning keeps the interior climate controlled in all conditions. The driver benefits from a tilt-adjustable, urethane 3-spoke steering wheel with integrated audio and phone controls for added convenience. Power windows, a wireless door lock system, and a premium audio system with four speakers ensure that both workdays and weekend getaways are equally enjoyable. A rear-view camera adds further practicality, making reversing and parking in tight spaces effortless.

The Hilux SR5 is not just about strength and style, it is equipped with a thoughtful suite of safety and driver-assist technologies designed to provide confidence in every situation. It includes dual front airbags, a driver's knee airbag, Vehicle Stability Control (VSC), and an Anti-lock Braking System (ABS) to help maintain control in emergencies. Advanced systems like Hill Assist Control (HAC), Trailer Sway Control, and a Tire Pressure Monitoring System enhance on-road and off-road safety, while a rear fog lamp and LED headlamps ensure optimal visibility in poor weather. For added driver convenience, the Hilux offers Power and Eco drive modes, a rear-view camera, and smart features like power door locks, automatic power windows, and wireless door locking. The premium audio system and multiple steering wheel controls for audio and phone keep drivers connected and entertained. Rugged, reliable, and cleverly equipped, the Hilux SR5 remains a top choice for professionals and adventurers alike.
