SAHARA MOTORS GROUP

The 2026 Toyota Fortuner VX V6 4.0L petrol is a refined, capable 7-seater SUV that blends power and practicality with an automatic transmission for effortless driving; powered by a smooth and responsive 4.0-litre V6 petrol engine, it delivers strong acceleration and confident highway performance while offering advanced safety systems, driver-assist features, and modern connectivity (touchscreen infotainment, smartphone integration) for convenience on every journey; its spacious, comfortable three-row interior with premium trim, versatile cargo room, and thoughtful storage solutions make it ideal for families or long trips, while rugged chassis, available four-wheel-drive capability, and robust suspension ensure composed handling and off-road competence—packaged in a bold, contemporary exterior with LED lighting and alloy wheels for a commanding on-road presence.

Model code GGN155L SDTSKV, the Fortuner is powered by a 1GR-FE 4.0-litre V6 engine producing a maximum output of 235 hp at 5,200 rpm and peak torque of 376 Nm at 3,800 rpm, paired with a 6-speed automatic transmission; it features part-time 4WD with a transfer case (HI/LO) and a rear differential lock, an 80-litre fuel tank and claimed fuel consumption of 9.6 km/L, seats seven passengers including the driver, rides on 17" alloy wheels shod with 265/65R17 tyres, and measures 4,795 mm long, 1,855 mm wide and 1,835 mm high.

LED headlamps with auto-leveling, LED front fog lamps and LED daytime running lights (DRL) provide excellent nighttime visibility and a modern look. Keyless entry with remote control adds convenience, while side steps make boarding easier for all passengers. Colored, powered side-view mirrors with integrated turn signal lights (TSL) enhance safety and visibility. Power-retractable mirrors offer added protection and convenience in tight spaces. Chrome outside door handles and grey-colored roof rails add a touch of style and utility. A rear spoiler completes the exterior, improving aerodynamics and giving the vehicle a sporty finish.

High-fabric seats provide durable comfort while the driver seat vertical adjuster ensures an optimal driving position, complemented by a leather-trimmed shift lever and paddle shift controls on the steering wheel for sporty, responsive gear changes. The leather-trimmed steering wheel with wood-grain effect is telescopic and fitted with multi-function controls, and a multi-information display keeps key vehicle data easily visible. Climate comfort is managed with front automatic independent dual-zone control and rear automatic cooling-only climate control, plus an upper glove box A/C vent and interior floor illumination for added convenience
