SAHARA MOTORS FZE

The 2026 Toyota Sienna FWD Hybrid 2.5L 7-Seater Automatic is a practical minivan that combines strong performance, efficiency, and everyday comfort. It uses a 2.5L 4-cylinder DOHC 16-valve engine with Toyota Hybrid System (THS), producing 245 HP. The hybrid powertrain works with an electronically controlled CVT and front-wheel drive for smooth and efficient performance. Drive Mode Select offers Sport, Eco, and Normal modes, while EV Mode provides quiet electric driving when conditions allow. With a 68-litre fuel tank and seating for seven, the Sienna is well suited for family trips and daily travel.

Inside, the Sienna offers a comfortable cabin with features designed for passengers and drivers. It includes 4-zone independent automatic climate control, heated front seats, and a heated leather-wrapped steering wheel. The 12.3-inch digital gauge cluster keeps key driving information clear and easy to view. The third row uses 60/40 split-folding seats for added flexibility. In addition, power sliding doors and a power back door with kick sensors make loading and passenger access easier. The XSE package adds a 12.3-inch Toyota multimedia system with wireless Apple CarPlay and Android Auto, along with a premium 12-speaker JBL audio system, wireless charging, and a power moonroof.

The exterior gives the Sienna a sporty and modern look with 20-inch alloy wheels, sport suspension, a metallic black sport mesh grille, and sport front and rear fascias. Premium LED headlamps with black accents, black badging, black door handles, roof rails, splash guards, and a rear spoiler complete the design. Safety is also a key part of the Sienna, with 10 airbags, a backup camera, Blind Spot Monitor with Rear Cross-Traffic Alert, and Toyota Safety Sense features. These include Pre-Collision System with pedestrian and bicycle detection, Lane Departure Alert with Steering Assist, Lane Tracing Assist, Automatic High Beams, and Full-Speed Range Dynamic Radar Cruise Control. With its hybrid powertrain, spacious 7-seat cabin, flexible interior, sporty design, and advanced safety technology, the 2026 Toyota Sienna is a strong choice for comfortable family travel.
