SAHARA MOTORS FZE

The 2026 Toyota Highlander Hybrid GLE 2.5L is a premium seven-seater SUV that combines efficient performance, comfortable driving, practical equipment, and modern technology. Powered by a 2.5L A25A-FXS four-cylinder hybrid engine, it produces 240 HP of combined power. The electronically controlled continuously variable transmission provides smooth power delivery, while AWD E-Four with Trail Mode, electric power steering, and advanced braking and stability systems support confident control across different driving conditions.

Inside, the 2026 Toyota Highlander Hybrid GLE provides a spacious seven-seat cabin with practical features for both the driver and passengers. The seats are finished in fabric upholstery, while the driver's seat receives power adjustment. The cabin includes a 7-inch multi-information display, leather steering wheel with controls, telescopic steering wheel, auto-dimming rearview mirror, wood ornament, second-row sunshades, power windows, four USB-C ports, wireless smartphone charging, automatic climate control, and a power back door. An 8-inch display audio touchscreen with six speakers, USB-A, and wireless Apple CarPlay provides convenient connectivity.

The exterior of the 2026 Toyota Highlander Hybrid GLE combines modern styling with practical equipment, including 235/65R18 tyres, 18-inch alloy wheels, black front grille with silver garnish, power mirrors with turn signals, LED headlights, LED daytime running lights, LED front fog lamps, LED rear lamps, roof rails, rear spoiler, and a moon roof. Toyota Safety Sense 2.5 adds pre-collision, dynamic radar cruise control, lane tracing assist, lane departure alert, and automatic high beam, while front and rear parking sensors and a rear camera support easier manoeuvring. Measuring 4950 mm long, 1930 mm wide, and 1730 mm high, with a 65-litre fuel tank, the Highlander offers balanced SUV dimensions for families travel and everyday use with ease.

SAHARA MOTORS FZE

The image shows the front interior of a car. The driver's seat is covered in a clear plastic protective film. The passenger seat is upholstered in a grey fabric with a ribbed pattern. The dashboard is a light grey color with a black steering wheel in front of it. The center console has a gear shift and handbrake. The background shows a desert landscape with mountains under a sunset sky. Three red arrows point to specific features: one to the driver's seat, one to the passenger side dashboard area, and one to the lower part of the dashboard.
