SAHARA MOTORS FZE

The 2026 Toyota RAV4 LE-G 2.0L AWD 5-Seater Automatic is designed to deliver balanced performance, everyday comfort, and versatile driving capability. It is powered by a 2.0L 4-cylinder petrol engine featuring 16-valve DOHC technology, Dual VVT-i, and EFI, producing 169 HP and 20.7 kg-m of torque. A 10-speed CVT and AWD system provide smooth power delivery and confident handling across city roads, highways, and varied conditions. The RAV4 LE-G also features Eco, Rock, Dirt, Mud, Sand, and Normal drive settings for adaptable performance. With seating for five, a 55-litre fuel tank, 235/65R17 tires, and dimensions of 4,600 mm in length, 1,855 mm in width, and 1,675 mm in height, this SUV offers overall practicality for daily commuting, family travel, and outdoor activities.

Inside, the RAV4 LE-G provides a practical cabin designed around comfort, convenience, and modern functionality. Fabric seats with manual six-way adjustment for the driver and front passenger provide everyday comfort. A 12.3-inch TFT Multi Information Display presents essential driving information, while the 10.5-inch DAB audio system with six speakers supports convenient entertainment. Smart Entry and push-start functionality provide easy vehicle access and operation. The cabin also features an EPS steering wheel with control switches, tilt and telescopic steering adjustment, dual-zone automatic air conditioning, LED personal lighting, day-and-night inside rear-view mirror, sun visors, automatic power windows, and automatic door locks. Cruise control, front and rear USB chargers, textile floor mats, and an electronically controlled parking brake enhance convenience for all passengers.

The exterior gives the 2026 Toyota RAV4 LE-G a modern and practical appearance, featuring 17-inch alloy wheels, LED headlights, combined LED daytime running lights and front turn indicators, and LED front and rear fog lamps. Integrated front skid plates, a resin-black rear spoiler, color-matched door handles, power-folding heated outside mirrors, turn indicators, and LED rear combination lamps add styling details. Safety equipment includes front and rear parking support sensors, a peripheral monitor camera, driver and passenger airbags, front side and curtain airbags, driver knee airbag, ABS, Brake Assist, EBD, Vehicle Stability Control, Downhill Assist Control, and child protection features. LED high-mount stop lamp, rear defogger, tire-pressure equipment, and emergency stop signaling provide protection and convenience.
