SAHARA MOTORS FZE

The 2026 Toyota Hilux Double Cab GLX-Z1 is powered by a 1GD-FTV 2.8L 4-cylinder, 16-valve DOHC diesel engine producing 201 HP and 51 KGM of torque. It comes with a 6-speed automatic transmission and part-time 4WD, along with an auto disconnect differential and rear differential lock. The engine uses EFI with common rail and an intercooler and meets Euro 4 standards with OBD. For capability, the Hilux features double wishbone front suspension, rear leaf springs, ventilated disc front brakes, drum rear brakes, and 265/65 R17 all-terrain alloy wheels.

Inside, the Hilux offers a 5-seat cabin with superior fabric seats and a range of comfort and convenience features. These include automatic air conditioning with rear ducts, an 8-inch display audio system with USB and Bluetooth, six speakers, keyless entry, power door locks and power windows. The interior also includes a soft-lid console box with separator, centre armrest, cool glove box, digital clock, tachometer, TFT-type multi-information display, and steering-wheel control switches. The rear seat is equipped with foldable seating, while the rear window has a slide-type design.

The exterior features LED headlamps with auto levelling and LED daytime running lamps, front and rear fog lamps, chrome-plated door handles, power outer mirrors with turn signals, and side steps. The Hilux also comes with a back-view camera, front and rear parking sensors, a digital rear-view mirror, and a tyre pressure monitoring system. Safety features include ABS, EBD, brake assist, driver, passenger and knee airbags, VSC, Hill-start Assist Control, Trailer Sway Control, Downhill Assist Control, and an anti-theft immobiliser. With dimensions of 5325 × 1855 × 1815 mm, a 3085 mm wheelbase, 310 mm ground clearance, and a kerb weight of 2015–2110 kg, the Hilux is designed for both everyday driving and demanding pickup use.
