SAHARA MOTORS FZE

The 2027 Chery Arrizo 5 Standard combines a 1.5L 4-cylinder engine with a 9-speed CVT automatic transmission and front-wheel drive. It produces 113 HP and 143 Nm of maximum torque. The sedan offers Economy and Sports driving modes for different driving conditions. It uses MacPherson front suspension and a torsion beam rear suspension, while 205/55 R16 alloy wheels and four-wheel disc brakes provide the main wheel and braking setup. The Arrizo 5 also has a 48-liter fuel tank and a 5-seat 2+3 seating layout.

Inside, the Arrizo 5 Standard features a black and grey interior with fabric seats. Comfort features include manual air conditioning with rear A/C vents, keyless entry with remote central locking, and a 6-way manual driver seat with a 4-way manual co-driver seat. The rear seats are foldable for added flexibility. A 3.5-inch MID instrument screen sits alongside the display audio system, which includes Bluetooth, radio, USB, DAB, and four speakers. The leather-wrapped D-style steering wheel includes audio and Bluetooth controls, while all four power windows feature one-touch-down operation.

The exterior features height-adjustable halogen headlights with a Follow Me Home function, LED daytime running lamps, rear LED lamps, a rear high-mounted brake lamp, and a rear fog lamp. Electrically adjustable ORVMs with integrated turn signals and an anti-glare IRVM add convenience. Rear parking sensors assist when reversing, while the power-unlock trunk door and rear windshield defogger add everyday practicality. Safety equipment includes ABS, ESP, EBD, an electric parking brake, Auto Hold, electric power steering, dual front airbags, and cruise control.
