SAHARA MOTORS FZE

The 2026 Toyota Coaster High Roof 2.7L Petrol 23-Seater Manual is a dependable commercial bus designed for passenger transport, school services, tourism, hotel shuttles, employee transportation, and daily operations. Powered by the 2TR-FE 2.7L four-cylinder petrol engine, it produces 201 HP and 235 Nm of torque while meeting Euro 4 emission standards. Its five-speed manual transmission and RWD drive system provide reliable control, while double wishbone front suspension and multi-leaf rear springs support durability and stability. Ventilated disc front brakes, drum rear brakes, and a 95-liter fuel tank enhance reliable daily operation overall.

Inside, the 2026 Toyota Coaster High Roof provides seating for 23 passengers with fabric seat material and mid-back rear seating. Driver and passenger seating features a mid-back design, while three-point ELR seat belts are provided for front occupants. The cabin includes a rear heater with two manual vents, digital clock, PVC sun visors, vinyl floor mats, room lamp, breakaway inner rear-view mirror, luggage rack, cool air intake, and rear under mirror. An AM/FM/CD audio system with USB, AUX, MP3, microphone, amplifier, and four speakers provides entertainment for comfortable and convenient long-distance passenger travel throughout every day.

The exterior is equipped for practical export and passenger-service requirements, featuring 215/70R17.5 tubeless steel tyres, a spare wheel anti-theft lock, automatic sliding door, and automatic center and rear side doors with buzzer and warning lamp. It also includes green laminated windshield glass, side sliding windows, rear fog lamp, rear window defogger, rear wiper, luggage door, rear under mirror, and tyre pressure warning. Safety equipment includes driver and passenger airbags, ABS, three-point front seat belts, high-mount stop lamp, and visibility features, making the Coaster a capable choice for dependable transportation in demanding GCC operating conditions.
