SAHARA MOTORS FZE

The 2027 Toyota Hilux Double Cab Pickup DLS combines powerful performance, rugged capability, and everyday practicality. It is powered by a 2.8L four-cylinder, 16-valve DOHC diesel engine, producing 201 HP at 3,400 RPM and 500 Nm of torque at 2,800 RPM. A 6-speed automatic transmission delivers smooth power, while the 4WD system supports confident driving across varied road surfaces and terrain. The Hilux DLS rides on 265/65R17 steel wheels with a spare tire. With five seats, an 80-liter fuel tank, and practical pickup-bed space, it offers a versatile solution for family, business, work, and recreational daily requirements.

The exterior features LED headlamps, body stripes, a painted front bumper, black resin rear bumper, power-adjustable door mirrors, side steps, front and rear mudguards, and a shark-fin antenna. Its 17-inch steel wheels and 312 mm ground clearance support its rugged pickup design. The double-cabin body measures 5,320 mm in length, 1,855 mm in width, and 1,795 mm in height, with a 3,085 mm wheelbase. Inside, the cabin features fabric seats, separate front seats for two occupants, a tilt-and-telescopic steering column, and a 7-inch multi-information display. Remote keyless entry, power windows, and power door locks enhance everyday convenience.

The Hilux DLS provides a connected cabin with an 8-inch Display Audio system supporting AM/FM radio, DAB, USB, Bluetooth, Apple CarPlay, and Android Auto, along with four speakers and steering wheel audio and telephone controls. Its practical interior supports comfortable daily driving, while the 13.9 km/L stated fuel efficiency adds everyday usability. Safety equipment includes dual front airbags, a driver knee airbag, an emergency call system, an anti-theft immobilizer, ABS with brake assist, electronic brakeforce distribution, and vehicle stability control. A tire pressure warning system, rear fog lamp, and LED high-mount stop lamp provide additional safety features. Overall, the 2027 Toyota Hilux DLS delivers a practical combination of diesel performance, utility, comfort, and 4WD capability.
