SAHARA MOTORS FZE

The 2027 Toyota Hilux Double Cab Pickup GLX combines reliable petrol performance, rugged capability, and everyday practicality. It is powered by a 2.7L four-cylinder, 16-valve DOHC petrol engine, producing 164 HP at 5,200 RPM and 245 Nm of torque at 4,000 RPM. A 6-speed automatic transmission delivers smooth power, while the 4WD system supports confident driving across varied road surfaces and terrain. The Hilux GLX rides on 265/65R17 alloy wheels. With five seats, an 80-liter fuel tank, and practical pickup-bed space, it offers a versatile solution for family, business, work, and recreational daily requirements.

The exterior features LED headlamps with welcome lights, daytime running lights, front fog lamps, body stripes, a painted front bumper, black resin rear bumper, power-adjustable and auto-retractable door mirrors, side steps, and a shark-fin antenna. Its 17-inch alloy wheels and 312 mm ground clearance support its rugged pickup design. The double-cabin body measures 5,320 mm in length, 1,855 mm in width, and 1,795 mm in height, with a 3,085 mm wheelbase. Inside, the cabin features fabric seats, separate front seats for two occupants, a leather steering wheel, a tilt-and-telescopic steering column, and a 12.3-inch multi-information display. Dual-zone automatic air conditioning, smart entry, push-start functionality, power windows, and power door locks enhance everyday convenience.

The Hilux GLX provides a connected cabin with a 12.3-inch Display Audio system supporting AM/FM radio, DAB, USB, Bluetooth, wireless Apple CarPlay, and Android Auto, along with eight speakers and steering wheel audio and telephone controls. Its practical interior includes a wireless charger, an electrochromic rear-view mirror, cruise control, and ECO and POWER driving modes, while the stated fuel efficiency of 10 km/L adds everyday usability. Safety equipment includes dual front airbags, a driver knee airbag, an emergency call system, an anti-theft immobilizer, ABS with brake assist, electronic brakeforce distribution, and vehicle stability control. A tire pressure monitoring system, rear fog lamp, LED high-mount stop lamp, rear-view camera, rear differential lock, and front and rear parking sensors provide additional safety features. Overall, the 2027 Toyota Hilux GLX delivers a practical combination of petrol performance, utility, comfort, and 4WD capability.
