The 2027 Toyota Hilux Double Cab Pickup DLX-G combines dependable diesel performance, practical utility, and rugged four-wheel-drive capability. It is powered by a 2.8L four-cylinder, 16-valve DOHC diesel engine with Dual VVT-i, producing 201 HP and 51 kg-m of torque. A 6-speed manual transmission and part-time 4WD system provide control across varied roads and challenging terrain. With six seats, an 80-liter fuel tank, and a practical pickup deck, the Hilux DLX-G is suited to family travel, business, demanding work, and recreational requirements. Its robust chassis and versatile deck make it a dependable everyday pickup.

The exterior features LED multi-reflector headlamps, rear fog lamp, colour-keyed bumpers, chrome door handles, and power-adjustable mirrors with turn signals. Wide side steps, mudguards, side stripes, shaded windshield glass, and sliding rear window add utility. The double-cab body measures 5,320 mm long, 1,855 mm wide, and 1,795 mm high, with a 3,085 mm wheelbase and 312 mm ground clearance. Its J-type deck with guard frame measures 2,315 x 1,575 x 480 mm. Inside, the six-seat cabin features fabric seats, front bench-seat console box, driver seat adjustment, rear headrests, day/night rear-view mirror, sun visors, and urethane steering wheel with controls. Manual air conditioning, power windows, power door locks, and smart keyless entry enhance convenience.

The Hilux DLX-G cabin includes an 8-inch Display Audio system with USB, Bluetooth, AM/FM radio, and four speakers. The rotary starting system, power steering with tilt adjustment, intermittent front wiper, and manual air conditioning support operation. Safety equipment includes driver and passenger airbags, ABS with Electronic Brakeforce Distribution and Brake Assist, Vehicle Stability Control, Hill-Start Assist Control, Trailer Sway Control, and Downhill Assist Control. Additional features include a tyre pressure monitoring system, anti-theft immobiliser, rear fog lamp, and seat belts. Front disc brakes and rear drum brakes provide stopping power, while independent front coil springs and a rigid rear leaf-spring setup support the suspension. Kerb weight is 2,045–2,085 kg and gross vehicle weight is 2,855 kg. Overall, the 2027 Toyota Hilux DLX-G delivers six-seat practicality, diesel power, manual transmission control, and capable 4WD performance for work and daily driving.
